

# Voice Thread 101

VoiceThread is a collaborative, multimedia slideshow that holds images, docs and videos. You invite conversations around the slideshow.

[www.voicethread.com](http://www.voicethread.com)

Educators can sign up for a free account (limited features) <http://voicethread.com/products/k12/>

What can you do with VoiceThread?

1. Create a **VoiceThread** and people can navigate your slides and leave comments in five ways:
  - a. Using voice with a mic
  - b. Using voice with a telephone
  - c. Text
  - d. Audio file
  - e. Video (via a webcam).
2. Share a **VoiceThread** with friends, students, and colleagues for them to record comments too. You can create a group to limit participation.
3. Users can doodle while commenting, use multiple identities, and pick which comments are shown through moderation. **VoiceThreads** can even be embedded to show and receive comments on other websites and exported to MP3 players or DVDs to play as archival movies.
